

Goblin Battle Cards Whitepaper

Extended V1.0

Goblin Battle Cards, a new way to play in The Sandbox Game Metaverse! Goblin Battle Cards are more than your average PFP (profile picture) NFT Collection, The Goblins are living, breathing creatures who live here on the blockchain! Goblin Battle Cards are NFT cards, made from our Goblin Avatars in The Sandbox Game. They are the shining race throughout our gaming ecosystem.

Goblin Battle Cards not only grant holders access to our Goblin Gang community, but our growing Play-2-Earn ecosystem. Our project's Kings Coin is currently in development and set to launch in Q1 2023. With its launch, Holders of Goblin Battle Cards will be airdropped an initial amount of KINGS COIN to kick start our Play-2-Earn ecosystem as well as a monthly allocation. Holders will be able to play any of the games in the King of Crypto family of games and earn an amount of KINGS COIN for completing certain quests, missions and special events both in game and during our live stream events. The KINGS COIN will be backed by the MATIC token and swappable for matic token. Owners will be able to convert their tokens into fiat currency through an exchange, thus being able to provide a means for our holders to generate an income from playing video games.

Goblin Battle Cards will also play a role in our upcoming strategy card game Prophecy, the Awakening. Owners of Goblin Battle Cards will gain additional advantages while playing the card game. More detailed information of the game and its mechanics will be released in Q4 2022 (see Prophecy, the Awakening Whitepaper for additional details)

1. King of Crypto Games

Our flagship game The Kingdom of Sakaar, which is playable now in The Sandbox Game, Game Maker Drafts Gallery, is the origin of the glorious Goblin race! Made for our first game, the Goblins are so versatile and so much fun to use, they have worked their magic on our creators and have now been seamlessly worked into multiple (if not all.. :) of the King of Crypto Games family of games.

King of Crypto Games as a whole is building an entire ecosystem of games for our Free-2-Play and Play-2-Earn economies. Interwoven, they take the best concepts from traditional gaming (leveling, achievements, gaining increasingly powerful loot and more) and reward players with ownable in-game items and Cryptocurrency (worth and interchangeable for real money) for playing our games in our ecosystem.

There is a 5% Multiplier bonus per card for the Kings Coin Airdrop to those who own multiple Goblin Battle Card NFT's.

We have a multiplier system for the KINGS COIN Airdrop for those who own more than one Goblin Battle Card. The concept behind our project is inclusivity inside our community. We strive

daily to bring additional rewards to and will always reward those who support and believe in our project. (see details below)

Each card owned adds an additional 5% multiplier up to 100%! After reaching the 100% Multipliers (at 20 cards) each additional card rewards an additional 2.5% Multiplier. (to help ensure a fair distribution and reduce whale consumption of cards)

Instant Benefits - Battle Pass Holder & Founder Roles in the Discord. Airdrop of Crafting Material NFT's. Whitelisted for NFT Collection Drops, Additional Entries into Monthly Giveaways & much more.

3. Economy -

Holders of both our BATTLE PASS & GOBLIN BATTLE CARD NFT's have access to both the Play-2-Earn & our Free-2-Play economies. Holders have the ability to play our games and earn our Kings Coin cryptocurrency as a reward. Each the Battle Pass NFT and each Goblin Battle Card NFT yield differing benefits and rewards. Holding multiples and/or a mixture of both will yield the maximum amount of rewards in our ecosystems. Below is a detailed breakdown as of this current Whitepaper version.

In our Full economy launch, Holders of both Goblin Battle Cards and the Seasonal Battle Pass will be able to earn KINGS COIN for completing in-game Seasonal Missions and Challenges. There are many passive rewards for holders, but our **Full** play to earn economy opens to the holders of both the Seasonal Battle Pass and Goblin Battle Card NFT's.

3.1 Play-2-Earn -

3.2 Holders of Goblin Battle Cards -

Our full Play-2-Earn economy is still undergoing thorough testing and is in its ALPHA stage as of writing (August 1st 2022). Until the upcoming release of our Play-2-Earn's full economy

release (Q1 2023), owners of Goblin Battle Cards will be implemented into our current Play-2-Earn ALPHA economy.

Many of the Play-2-Earn benefits to holders of Goblin Battle Cards in the King of Crypto Games in-game economy are set to go into effect at Full Launch. In the meantime, Holders are eligible to participate in the number of BATTLE PASS monthly challenges and missions that are available throughout the season. In example :

- Holders of 1 Goblin Battle Pass NFT are eligible to earn the reward of 1 Seasonal Mission and/or Challenge each Month.
- Holders of 2 Goblin Battle Pass NFT are eligible to earn the reward of 1 Seasonal Mission and/or Challenge each Month so on and so forth.

Generally there are 3-5 new Seasonal Challenges and Mission implemented each month of the Seasonal Battle Pass. Owning Multiple Goblin Battle Cards makes the owner eligible to maximize rewards in our current ecosystem.

3.3 Holders of The Battle Pass -

Our Play-2-Earn economy has been in careful planning since January of 2021 and is being thoroughly tested before full rollout. Currently the Battle Pass system has been implemented and has been running smoothly. We will be doing a slow ALPHA rollout of the Play-2-Earn economy in Q1 or 2023. We will be stimulating the economy with an initial burst of funds via an Airdrop of the Kings Coin in early Q1 2023 after our ALPHA rollout to stimulate the Play-2-Earn economy as a whole and as a reward to holders of Goblin Battle Cards.

Rewards for Battle Pass Holders depending on Level of Pass Owned.

- Airdrops of Official Sakaarian The Sandbox Assets
- Access to Exclusive Locked Discord Text & Voice Channels
- Exclusive VIP Status in the Discord
- Airdropped Sakaarian Crafting Material NFT's (Used to be Combined and Redeemed for Official Sakaarian Sandbox Game Assets)

3.4 Free-2-Play

Players of the game The Kingdom of Sakaar will be rewarded with Crafting Material NFT's for completing in-game Missions and Challenges, as well as for claiming monthly victory in the Arena (can be completed MONTHLY). Players without a Season One Battle Pass can also still earn tickets into each month's NFT & \$MSAND Giveaways. (Without a Battle Pass, players who claim Victory in the Arena each month earn 1 ticket into THAT month's Giveaways.)

3.5 How to Earn Rewards? -

Firstly, be sure to join our Discord (Link below). Currently the client we build our games in, The Sandbox Game Maker and Voxedit softwares are in Alpha. With limited functionality for rewards dispersal, we rely on 3rd party programs to reward players and verify completion. Currently we mainly rely on our community Discord. Link - <https://discord.gg/82bc25e79D>

The Kingdom of Sakaar has many different Missions and Challenges through the Season. Each will have a different way of showing completion to earn the rewards. With the game being in Alpha, we rely on screenshots of completion to verify and help reduce misuse. The specific criteria of each Mission or Challenge can be found on the Website or in the description in our #battle-pass-info section of our Discord. We will keep updating with the game and have recurring in-game seasons.

Free-2-Play play players will only have the ability to claim Crafting Material NFT rewards from claiming Victory in the Arena each month (1 reward each month) and one additional Crafting Material for each Seasonal Mission and challenge. (1 reward per seasonal completion).

I.e. Each Season lasts 4 months. Each month new Missions and Challenges unlock. They are available to complete at any time throughout the season and their rewards will still be available to claim. The Arena's award is a recurring reward. It can be claimed once each month. It currently is the only repeatable Mission available throughout the season at the time of writing.
